CEDARVILLE, OHIO, FRIDAY, OCTOBER 22, 1920

PRICE, \$1.50 A YEAR

## REPUBLICAN WOMAN HEAR MRS. FAULKNER.

Mrs. A. E. Faulkner of Xenia gave an inspiring address Saturday night before the members of the local Women's Republican Club at the mayor's office. Mrs. Faulkner has been devoting much of her time in assisting the women of the county in organization of Republican Clubs and she expressedly urged that the membership be increased and more women interested in the Republican cause. Mrs. C. L. Babb and Mrs. J. F. Haverstick of Xenia also spoke. The club is making a drive for a straight Republican vote.

## COLLEGE NOTES.

Paul Duncan preached last Sabbath in the Reid Memorial U. P. church in Richmond, Ind. E. D. McKune, of the Clinton Presbyterian church and George L. Presbury in the Idaville, Ind. U. P. church.

The following students will participate in the Bible Reading Contest tonight: George L. Markle, George A. Colman, Carl and Paul Duncan, Carl Elder, Millie Parker, Edna Griffith, Louise Greer, E. D. McKune, Chas. E. Brown, Riley Clark, Gavin Kelly, Alice McKibben and Ralph Rife. Vocal selections will be given by a male quartette consisting of Carl Duncan, George Markle, Charles Brown and Morton Creswell and by a mixed quartette composed of Messrs. Duncan and Markle, and Misses Lucile Johnson and Dorothy Oglesby. Johnson and Dorothy Oglesby will sing a duet. Hester Townsend will play a piano solo, and Lucile Johnson and Margaret McCarty a piano duet.

The annual college play has been scheduled for Nov. 19. The characters have all been assigned and practice has begun in earnest.

The Cedrus Staff this year consists of Harold Hammond, editor; Helen E. Bradford, assistant editor; E. D. McKune, business manager; Edwin Bradford, assistant business manager; Florence Smith, art editor; Lenoy Allen, faculty adviser. The student body decided to back the enterprise with generators. The plan is to publish a bigger and better annual than ever before.

June December 2, 1890. The eleventh annual convention of the Y. P. C. U. of Xenia Presbyterian was held this week in the U. P. church.

The ship bearing the 31st regiment, on which Ravi McLean and Tom Maddox are members, was caught in a typhoon soon after leaving Honolulu and for many days, crew, officers and soldiers, baled the ship with buckets to keep her afloat. The Hagar Stray Board & Paper Co. each received a Thanksgiving gift in the way of a dressed turkey for Thanksgiving.

Yesterday was the day for the election of contestants by the literary societies of the college. To represent the Philadelphia society: Cecil George as debater; James Rambo, orator; Nellie Ustick, essayist; Mary Ervin, declaimer. For the Philadelphian society: Clarence Young, debater; George Harper, orator; Nellie Lewis, essayist; Echo Sterrett, declaimer.

## NO HUNTING NOTICE.

All persons are warned that no hunting with dog or gun will be permitted on the lands owned by the Boarding.

Notice: The fur season opens Nov. 1 but I will not buy any fur until after the 15th as the early fur is of so value. The best of fur this season will not be worth more than half of what it was last year.

## UNITED MISSION COURSE.

There will be a Union Mission Study Course conducted by Mrs. J. P. White beginning Friday, October 29th at 8:30 P. M. in the United Presbyterian church. The course will last six weeks. The book to be studied is "The Bible and Missions" written by Mrs. Helen Barrett Montgomery.

## HOW ABOUT IT VIC?

Some one has taken the trouble to look up Vic Donahay's record as a member of the last Ohio constitutional convention. When the constitution was adopted Vic voted for saloon license and also for single tax measures.

## FARM AND FIELD NOTES.

Have your sale bills printed here. For Sale: Several head of Delaware bucks. Wilbur Cooley.

W. L. Clemans will hold a public sale Nov. 10th having sold his farm near Clifton.

W. L. Clemans this week sold his farm of 201 acres near Clifton to J. R. Jones of Illinois.

Carpenters have completed the new house and barn for Frank Townsley, that were destroyed by fire last spring. Ralph Townsley and family will move into the new home next week.

The Madison Press states that only a fair sized audience attended the Madison County Duroc Breeders' Association sale and as a result the prices were hardly up to expectations. The uncertainty of the hog market has had a telling effect on the sale of blooded stock.

According to government reports Greene county has 71 people to the square mile.

For Sale: One Delaware buck, two years old. W. C. Williamson.

The profit to the state from the present farm at Xenia is about \$1000 for the year. The farm and state hospital farm has a profit of \$600 an acre, the highest of any state owned farm.

The sale of Durocs at the Cedar Vale high last Friday drew a large crowd, many coming from distant states. Several sales go to Kansas and Indiana. The highest priced hog was \$450. The sixty head averaged \$92.

The Poland China sale held by J. H. Lackey last Friday saw one ten months old male hog sell for \$1000. Fifty-six head averaged \$132.

For Sale: Delaware buck. Cost \$30 last year. Will sell at once for \$10. Also brown horse, work or drive. A good one. Phone 4-195.

If you failed to get that good young Duroc male hog at the Watt sale visit Maple Glenn Farm and buy an "Orion Harvester". James R. Orr.

Farmers have been wondering about the wide difference in the price of hogs and corn. The gap has been closing this week for hogs are on the downward trend and slipping fast before the early corn hogs have started to market. Ten cent hogs look like a reality just now. Shippers were not looking for this slump and it is safe to say that someone lost a nice neat sum on hogs that went to market this week.

The following is the schedule for the Farm Bureau tour of the county. Stryker & Pagett's orchard will be visited first leaving there at 9:15 for John Short & Sons where Jersey cattle will be inspected; Charles Menhall for Shorthorns, then A. E. Beam for a general purpose stock farm, arriving there for a picnic dinner from 11:30 to 12:30. At 1:00 arrive at E. J. Kelsey for his Holsteins and lime demonstration; Perry Sackett for Poland Chinas; River Farm (H. E. Talbot) at 2:30 to see buildings and live stock. E. T. McClellan at 3:45 for straw demonstration.

The schedule the second day is as follows: Ernest Hutchison for Angus cattle at 8:45; Clyde Northup at 9:25 for poultry plant and hatchery; Elder Corry at 10:20 for a well planned farm and A. E. Swaby at 10:45 for a modern farm home. Picnic at Clifton from 11:30 to 12:30. L. H. H. Riley at 1:00 for lime demonstration on clover; Geo. Warner at 1:45 for Dorset sheep; H. H. Warner at 2:15 for chertown horses. H. E. Darst at 3:10 to see milk goats; E. F. Ferguson at 4:00 to see 300 bushel of potatoes to the acre.

## THE VOTING SCHOOL PROVES DEMOCRATIC CAMPAIGN STUNT.

The Democratic party in Greene county never gets excited in campaigns. Few say speeches, no torchlight processions, no bands, no excitement to stir the populace, but the usual Democratic vote is always polled.

This year we have new voters thrusting their noses into the Democratic party. And few there are that think they will not. But when it comes to real politics the Democrats in this county are not asleep. The men in charge can see as far around the corner as Mark Hanna ever could.

Some say the Democrats have taken over a certain woman's organization in the county. We cannot vouch for this. The Democratic statesmen in the county are crafty, we know that. We know if they have not been the guiding spirit in this organization this campaign they are getting some mighty good assistance. They are getting all that any partisan committee could ask for. If it is coming without solicitation they are lucky; if it is being forced on them they do not complain. Nevertheless no one who knows, and the Democrats are silent on the subject, hears any kicks from the work of this supposedly non-partisan organization. It is being forced on them.

Up in Yellow Springs the other day, the head of the organization, the one who has been in the throne directing this organization's affairs for a number of years, is willing to be called the "boss", made a great plea for the Democratic ticket from the non-partisan viewpoint.

First the presidential candidates were discussed. The discussion ended when the "boss" recommended that the women vote for Cox for president.

Then came a comparison between the Republican and Democratic candidates for governor. In this case the good exponent of Democracy urged that the non-partisan crowd vote for Vic Donahay for governor and against Harry L. Davis, the Republican nominee.

Other candidates were discussed on down to county candidates but each time the Democrats received the endorsement.

Then why should the Democratic organization be worried over the situation in this county. Democratic leaders are wearing smiles, seem not to have a care. It seems to be a case of "let the good times roll."

This case temperance organization has a right to enter politics. But let them hang out the right banner and not attempt to mislead Republican women as has been done the past month.

Meanwhile the Republican Chairman, L. T. Marshall, who has had his banner tacked to this organization for some years, sits back in the corner like a whipped pup, afraid even to whine for fear of another kick.

## THE LYCEUM COURSE.

Prof. Allen was roundly applauded when he announced Tuesday evening from the stage that the new plan of selling lyceum tickets had been successful and that the guaranteed price of the course had been exceeded without touching the balance left by the former committee.

"The Climax", a very clever comedy with music has been one of the notable theatrical successes having run in New York theatres for several years. The play was rewritten and staged for four people. The cast was composed of capable talent, Miss Dorothy Seeger, possessing a wonderful voice.

## THE NEXT STEP.

The county will likely have to bring suit on the two bonds of colored men that were recently arrested in Xenia for voting at a school bond election when non-residents. It is said these men have gone for bonds and each was out on bond signed by E. L. Gowdy and L. T. Marshall. The county can only be reimbursed for the expenses it has been to satisfy the law by bringing suit against Gowdy and Marshall for the amount of the bonds. The men were soldiers from a distant city taking treatment in a Xenia hospital when they were induced to vote by Gowdy-Marshall henchmen in the Fourth ward.

## INHERITANCE TAX.

The inheritance tax on the Nancy Winter estate to be paid by Andrew Winter is \$36.12. The value of the estate as determined by the Probate Court was \$17,253.53. Andrew Winter gets \$12,415.34; Mrs. Charles Winter and Miss Belle Winter, \$3,417.34 each. The contest of the will resulted in the will being affirmed by the first jury on which women have sit in this county.

## REBUILDING RESERVOIR.

The reservoirs of the Hagar Straw Board & Paper Co. that broke some weeks ago are being rebuilt. This week a force of men and teams started to rebuild the weak places.

## C. F. TINDALL DEAD.

Charles F. Tindall died at his home near Selma early Monday morning, due to cancer from which he had suffered for several years. He was 63 years of age. He is survived by his wife and three children, Paul of Springfield; L. F. Tindall of this place and Elton of Selma.

Two sisters also survive, Mrs. Margaret Miller of Caldwell, Idaho, and Mrs. Elizabeth Anderson of Springfield and two brothers, Thomas of Yellow Springs and William of Bradshaw, Neb. The funeral was held on Wednesday afternoon at 2 o'clock, the services being in charge of Rev. V. E. Buser.

## WHAT MORE COULD MEN DO?

Down in Xenia last Sabbath an anti-temperance organization asked permission to address a Bible class during the regular Sabbath School hour. The permission was granted. After expostulating to some length on the presidential situation finally wound up her argument by asking the members of the class to support Gov. Cox, the Democratic nominee, for president. The good lady that was teaching the class, and had so kindly granted the time to the speaker, was shocked that she added the finishing touches to the Sunday campaign for president by urging her members to cast their votes for Senator Harding. What man would have dared such a step?

FRIDAY, OCTOBER 24, 1924.  
JUDGE KYLE HAS GOOD RECORD

The thing is nothing for the selection of a Common Pleas Judge for this county. Probably no office to be filled should have a man of ability, the proper temperament and disposition that for a judge.

Judge Kyle we venture has the endorsement of the bench of more of the big men of the county than has any other. From information at hand probably not to exceed four or five members of the Greene County Bar will oppose Judge Kyle's reelection.

If there is one thing the people of the county should be proud of it is an office holder and citizen that brings credit to the county. As a judge in other courts where Judge Kyle has presided he has received the open endorsement of attorneys in many counties of the state. His ability is so recognized that from many sources he has been importuned to become a candidate for the Supreme Court in this state.

The Judge has probably made some enemies or by his decisions has caused some people to feel unfriendly to his candidacy. While his decisions, and rulings must be made according to the law, and be governed by the evidence, it is a hard place to fill and satisfy all. But the great majority of citizens never have had a day in court. They know nothing about what a judge has to face so that opinion should not be based on how some disappointed citizen expresses himself.

In the matter of decisions reviewed by higher courts we are proud to say that Judge Kyle holds the record for the past six years in this district in having the least number of cases reversed by higher courts. This in itself is a marked endorsement of his work, his ability to fill the place he holds and asks re-election.

The campaign now nearing the final windup finds some very villainous attacks being made. They are not in the open as most people would have them. The man backing the opposition to Judge Kyle has resorted to circulating reports that they have put down in black and white. Things have even gone so far that members of the Gowdy-Marshall crowd have found out just how long the Judge has yet to live, not even long enough to serve six months of the first year. For this reason they would endeavor to influence the electorate against him. No part of our citizenship should be guilty of such a villainous attack.

In dealing with the situation the people should have some facts that concerns the opposition candidate, R. A. Gowdy.

If we have it correctly Mr. Gowdy has had but a very few cases, some since three, before a jury in the past two years. It cannot be said that he has the largest legal practice in the county, or even second on such a record. When the average citizen has a case in court he usually desires a man that enjoys a large legal practice. One whom others have selected in presenting their case before a jury. A man to be a judge to suit the requirements of most people should at least have experience in the practice of law.

There is no one that can urge Mr. Gowdy's election on his practice in the Greene county courts. Being the head of a political faction, now serving as bondman of one who as absented himself from the jurisdiction of the court on a charge of illegal voting because he was induced to vote knowing that he was a non-resident, should in itself turn right thinking men and women against the Gowdy candidacy. Just such a campaign was conducted by Gowdy six years ago and he was turned down by the electorate. Why should he be recognized this time.

Remember Mr. Citizen you are not always in court on your own choosing. Sometimes you are forced there to defend your rights. Then it is the time that you lay your case before a judge whom you know has the ability to honestly and fearlessly make for a decision.

Judge Kyle meets all the requirements of such a judge, one whom is not narrow in his views or harbors ill feelings against anyone.

#### THE TWO JIMMYS.

The Herald has on numerous occasions told of the Gazette getting its taxable value reduced by manipulation through politics and pull of state officials from Governor Cox down. Any one that thinks this is not correct should make some inquiry of former County Auditor A. E. Falkner. The records speak for themselves.

The Gazette's editorial columns are Republican but outside of that the Gazette has no policy, and even it has been questioned at times when support of the party was asked.

We do not expect Jimmy Chew to come to the front for Gov. Jimmy Cox. Such a thing if done like the tax reduction would be done on the spot.

The story that Jimmy Chew and his Gazette published by an act of Jimmy Cox and his supporters we are not surprised that a representative of the Gazette should spend several days looking about town telling the story about Cox and how he was ge-

ing to support him although he was a Republican. Looks rather odd that a man supposed to be out on a business mission spends his time campaigning for the Democratic nominee.

Two years ago when Gov. Cox was up for governor a member of the staff stated that every vote on the Gazette was sent for the Democratic nominee. Probably the debt of gratitude for reducing the tax value is to be paid again this year in another way.

#### AUTO WAS DITCHED.

J. W. Johnson and Charles Gilbert and their families went to Sebring, Mo., last Saturday evening. On their return Mr. Johnson's machine was knocked from the road by a heavy touring car beyond Washington, O. H. by a wreckless driver. The road was very narrow and the ditch deep but this made no difference. It happened that Mr. Gilbert's machine was back of Mr. Johnson some distance and it was impossible for the wreckless driver to get away. He refused to give his name but the number was taken and later found to belong to a man in Pomeroy, O. The damage was not great to the Johnson machine but it was a very narrow escape and a wonder it did not turn over. The owner of the Pomeroy machine will be expected to make good the loss or the driver stand prosecution for wreckless driving.

#### HIGH SCHOOL NOTES

Kenneth Little received a sprained wrist last Friday while playing out-door basketball.

On account of improper conduct of children playing on the public school playground, Prof. Parker has made a schedule, setting apart different times for the boys and girls to play. On Monday, Wednesday, Friday, evenings and Saturday, afternoons, the girls may use the playground. On Tuesday, Thursday evenings and Saturday forenoons the boys may use the playground.

There will be positively no playing allowed on Sabbath.

Children can not stay directly after school and play unless they first go home and get permission from their parents to come back.

The Sophomores will have a spread Friday night at the home of Catherine and Clarence Smith.

The members of the Research club have shown their interest in the school by purchasing a load of sand for the playground. This was very much needed for the little boys. Any member would feel repaid if she should visit the playground during one noon hour, and see as many as twenty spending the entire noon period in the sand box.

The Freshmen will have a weiner roast and hayride Friday night. They will go to the home of Ruth and Alva St. John.

P. P. Claxton, United States School Commissioner of Education gave a lecture in Xenia, Tuesday afternoon, on "How Much Can We Afford to Spend for Education". All schools in Cedarville township were dismissed about 2:30 o'clock in order that the teachers might attend his lecture.

#### "THE BIRD OF PARADISE"

That love is love though it comes in any racial guise, and that human hearts are made of the same stuff, although they beat under skins of varying shade, and in bottles of miscellaneous surroundings, is the striking primary lesson of Richard Walton Tully's celebrated Hawaiian drama, "The Bird of Paradise", which will be presented for the sixth time at the Victory theatre for three nights commencing Thursday Oct. 23 with special matinee Saturday.

Luana, a beautiful Hawaiian girl, passionately loves Paul Wilson, an American in Hawaii, who in turn as fervently loves her. But from the moment of his devotion to this lovely but sadly primitive little creature, Wilson not only loses caste, but he loses that essence of force and distinction which is his right by birth and race. It is enough to turn away gently about face, that he restores even a modicum of his self-respect, and brings about the great tragedy of his sweetheart. In contradistinction Mr. Tully has drawn the gayly self-abandoned beach-comber, "Ten Thousand Dollar Dean", one of the most original characters in all South Sea literature and the equal of any of Stevenson's celebrated types. Dean is saved by a wide-awake thorough-going American girl, even as Wilson is almost destroyed by a charming savage.

The lengthy cast is headed by Miss Florence Rockwell, the well-known leading woman. Others in the cast include Robert Blister; a Dr. Wilson; Gertrude Walther as Diana; Brandon Evans as Dean; Harold Skinner and Rose Watson as the quintette of native Hawaiian singers and players and Hula Dancers whose weird songs and melodies lend an added charm to the performance. The final scene showing Luana's tragic leap into the burning crater, is one of the most thrilling spectacles witnessed on any stage.

#### MUSIC'S GREAT POWER.

"Those who think that music is one of the trifles of existence," said Gladstone, "are in grievous error, since from the earliest times it has been one of the most potent factors for molding and forming character."

## SUNDAY SCHOOL LESSON

By REV. J. L. WYLLIE, D. D., Teacher of English in the Moody Bible Institute of Chicago (No. 120) (Author of "The Character of Jesus")

### LESSON FOR OCTOBER 24

#### WHAT THE KING REQUIRES.

LESSON TEXT: Matt. 23:1-12. GOLDEN TEXT: He is therefore perfect, even as your Father which is in heaven is perfect.—Matt. 6:10. ADDITIONAL: "The Character of Jesus" (No. 120) (Author of "The Character of Jesus")

PRIMARY TOPIC—What the Heavenly Father Wants us to Be. JUNCTURE TOPIC—What Jesus Requires His Followers to Be. INTERMEDIATE AND SENIOR TOPIC—Measuring Up to Christ's Standard. YOUNG PEOPLE AND ADULT TOPIC—The Character Which Jesus Requires.

The so-called "Sermon on the Mount" is the king's proclamation of the laws which obtain in his kingdom. These laws do not set forth terms of salvation to sinners, but the principles of life which shall obtain when Christ reigns on earth.

1. The Characteristics of the Subjects of the Kingdom (vv. 1-12). These characteristics are set forth in the nine Beatitudes.

1. The consciousness of utter spiritual poverty (v. 3). "Poor in spirit" does not mean to be without money (Matt. 23:2), but to come to the end of self in a state of absolute spiritual beggary, having no power to alter one's condition or to make one's self better.

2. A profound grief because of spiritual insolvency (v. 4). "A. humble acknowledgment of God's will (v. 6). The outgrowth of mourning over spiritual insolvency is meekness.

3. An intense longing to conform to the laws of the kingdom (v. 5). "Meekness" (v. 5). The subjects of the kingdom now take on the character of the king.

6. Purity of heart (v. 8). Since the king is pre-eminently pure, the subjects who enjoy fellowship with him must have heart purity.

7. Persecution (v. 9). The one who has received the peace of God through Jesus Christ will diffuse peace to others.

8. Suffering for Christ's sake (v. 10). The world hated Christ, the king, therefore those who reflect his spirit in their lives shall suffer persecution (II Tim. 3:12).

9. Suffer reproach (v. 11). This means suffering falsely. In such cases we should glory in it, for it brings great reward in heaven.

11. The Responsibilities of the Subjects of the Kingdom (vv. 13-16). Man is corrupt, and the world is in utter darkness. The disciples of Christ are to live such lives as to purify and enlighten. Their responsibilities are set forth under the figures of salt and light.

1. Salt of the earth (v. 13). The properties of salt are: (1) penetrating; (2) purifying; (3) preserving. Since salt only preserves and purifies in the measure that it penetrates, so Christians only as they enter into the life of the world can preserve it from decay.

2. The light of the world (v. 14). Light illuminates and warms. This world is cold and dark. The devil has set many pitfalls and snares. As sons of the light we should live so as to prevent the unwary from stumbling and falling.

11. The Laws of the Kingdom (vv. 20-23).

1. As to deeds of righteousness. They must exceed that of the scribes and Pharisees.

2. As to sanctity of life (vv. 21-23). "Thou shalt do no murder" means more than simply to refrain from the taking of life. It is heart murder (v. 21). It is heart murder (v. 22).

3. As to organized life (vv. 23-25). The family is the unit of society. There is no sin that so rots society as that against the relation of the sexes. The two awful sins against the family are (a) adultery (v. 27-29). There is heart adultery as well as heart murder; (b) divorce (v. 31, 32). Moses, for the hardness of the hearts of the people, permitted a man in case of adultery to put away his wife and give her a bill of divorce.

4. As to oaths (vv. 33-37). Speech is the absolute test. Whatever is more than the simple form of affirmation or denial comes of the Devil.

5. As to behavior toward those who do not recognize the laws of the kingdom (vv. 38-45). (1) Not revenge (v. 38, 39). (2) Willing to do more than is required (v. 41). (3) Christlike (v. 42)—even the borrower should not be turned away; (4) love toward enemies (vv. 45-49). Love to enemies consists (a) in blessing them that curse us; (b) in doing good to them that hate us; (c) in praying for those who despitefully use us.

#### God is Everywhere.

Let us remember that God is at the seat of the throne and in the mountains just as much as he is in our home town and in our home church. We need to resist the devil of unbelief which is always whispering his evil insinuations into the ears of people away from home. We need religion just as much in summer as we do in winter, perhaps more. So when we are away from home let us not neglect our life, and our daily prayer, and attend once upon the house of worship whenever possible.

#### Dog Long Friend of Man.

The dog is said to be the first animal to be domesticated by man. The primitive dwarf tribes of the Philippines, the pygmies of equatorial Africa and the Veddahs of Ceylon when white Europeans first came to know them had one domestic animal—the dog. When Columbus landed on the island of Haiti he found there an excellent breed of dogs, used for hunting by the natives, who, when not employing them in the chase kept them in cages.

# FORDSON

## TRADE MARK

A Fordson Tractor on the farm means prosperity for the farmer. It doesn't make any difference how you spell that prosperity—whether it is increased production; whether it is in the saving that comes from a machine over a horse or mule; whether it comes in a release from the drudgery and all-day and all-night labor on the farm for man and wife—because the Fordson answers all those problems to the satisfaction of the farmer.

It can't be otherwise. These are the days of progress, and power on the farm is the necessity. It is only a question of what kind of power over horse and mule power. The tractor is the farmer's necessity just as much as the sun is the necessity for growing crops.

All that is necessary for a farmer is to know his Fordson Tractor as familiarly as he understands handling a team of horses. He wants to use the same amount of reason and common sense. In the Fordson Tractor is the concentrated power of eighteen horses, and as flexible as the movement of your arm—much more flexible than horse control—and beyond all comparison much more economical both in service and in keep. Then it will do so many things that horses and mules cannot do, and it doesn't eat when idle.

We don't believe there is any question in the mind of any farmer as to the necessity for a tractor, but he may have some doubt as to what make of TRACTOR, so that is the reason we are putting this advertisement in his paper to draw his attention to the Fordson tractor. This is why we put the above arguments before him, and why we now invite him to come in to our place of business and view the Fordson Tractor.

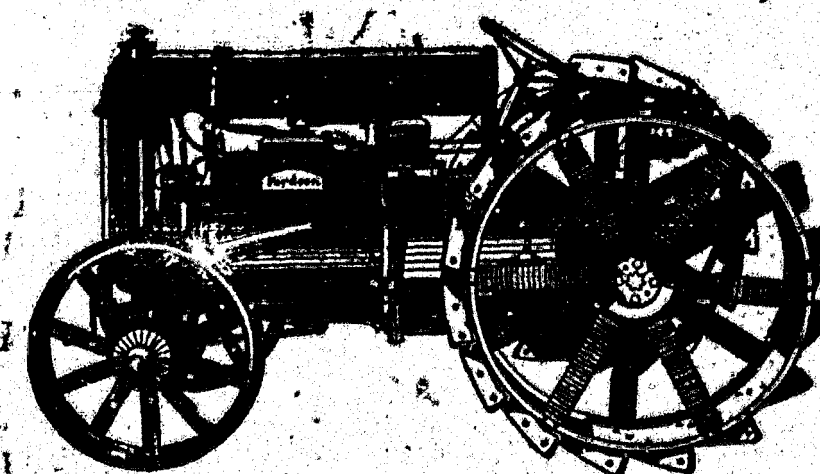

Let us prove to him its superiority over any other tractor. It means more to him than it does to us. When we sell a TRACTOR, we make a small profit, but when he buys a TRACTOR he buys a power that is working for him every day in the year; that is if he buys a FORDSON—we can't speak for the other kinds. COME IN!

#### CHESNUT-WRIGHT NUPTIALS.

The marriage of Miss Irene Wright to Rev. James L. Chesnut, of Philadelphia, took place at the home of the bride's parents, Mr. and Mrs. S. C. Wright, Tuesday evening, at eight o'clock in the presence of a large company of relatives and friends.

The ceremony was performed by Dr. W. R. McChesney, assisted by the Rev. W. F. Harrison. Previous to the marriage Miss Dorothy Oglesbee sang "I Love You Truly" and Miss Ruth Owings of Cincinnati, "I Promise Thee". The bride entered the room on the arm of her father, the ceremony being performed beneath an arch of chrysanthemums and honeysuckle and vines. The colors being yellow and white. The wedding march was played by Miss Lena Hastings.

The attendants were Miss Marjorie Wright, maid of honor, who wore a crepe de chine dress in yellow; brides maids, Misses Helen Oglesbee and Florence Somers, who wore blue organdie. The bride wore a gown of white satin with embroidered rose point lace, her long veil being caught with orange blossoms. The bride is a charming girl and was quite striking in her wedding gown.

Following the service a two course supper was served. Seated at the bride's table which was decorated in pink and white, were: Misses Marjorie Wright, Helen Oglesbee, Mary Chesnut, Ruth Owings, Lena Hastings, Dorothy Oglesbee, Messrs. Morton Cresswell, William Collins, William Anderson, Riley Clark and John Wright.

The bride and groom left immediately for Chicago, going from there to Iowa where they will visit relatives for several days.

Among the out of town guests were Rev. W. R. Graham, Philadelphia; Misses Ruth and Elizabeth Owings of Cincinnati; Mr. and Mrs. Ira Gates, Columbus; Mr. J. B. Wright and daughter, Leslie, and Mrs. Thomas Johnson of Idaville, Ind. The bride and groom are both graduates of Cedarville College and are very popular among the younger set. They have the well wishes and congratulations of their many friends.

#### GOOD WHITEWASH FOR BARNS

Not Difficult to Apply Where Liquid Is Carefully Made—Government Recipe Given.

Whitewashing should form a regular part of the care of all buildings where animals are kept and should be done twice a year at least. If whitewash is carefully made and strained, and applied with a spray, it is not a difficult job, and is a necessary sanitary measure. This recipe has been published by the government: Take half a bushel of unslaked lime with boiling water, covering it during the process to keep in the steam. Strain the liquid through a fine sieve or strainer. Add to it a peck of salt previously dissolved in warm water; three pints of ground rice boiled to a thin paste. Stir in these ingredients while the liquid is hot. Add five gallons of hot water to the mixture, stir well and let stand for a few days, covered as nearly air-tight as possible.

Andros, to the United States; Margarita, to belong to Germany, and the peace conference will settle its administration. It belongs to England. The Marshall and Caroline Islands also belong to Germany. Marcus Island belongs to Japan. Pagan Island belongs to England.

#### SUN BEST OF DISINFECTANTS

Even on Brightest Days It Is Impossible to Apply It to All Portions of Stable.

Direct sunlight is one of the most important disinfectants known, and should be taken advantage of wherever possible. The disadvantages of relying upon it solely for practical disinfection are, however, that its supply is beyond control, and that, even in the brightest days, it is hardly possible to apply it to all parts of a stable or other building.

Disinfectants in a liquid state are most effectively used on the inside of buildings in the form of spray and applied by means of a force pump.

Disinfectants that will not destroy germs are useless.—Dr. W. H. Deyruple.

#### WATCH FOR CURRANT WORMS

Mixture of Paris Green and Arsenated Lime Is Effective—Arsenate of Lead Also Good.

Watch for currant worms on currants and gooseberries. When they appear rub enough paris green with fine, air-slaked lime to give it a greenish tint, and then when the foliage is moist, dust it over the plants. Arsenate of lead sprayed on the same as for potato bugs is also effective.

#### DOLLARS IN STABLE MANURE

That Which Has Accumulated in Barnyard Should Be Spread at Earliest Moment.

Dollars in farm manure represent money just as much as dollars in the bank. The manure which has accumulated in the barnyard should be spread on the fields at the earliest possible moment. Warm rains reduce its fertilizing value rapidly.

## THE TRUTH ABOUT HARRY L. DAVIS

Editor's Note: Rev. Mr. Freeman of Wooster, 45 years a Baptist minister, C. A. R. veteran, and a man of the highest standing, has written out the truth about vicious rumors circulated by Democrats about Harry L. Davis, Republican candidate for Governor. In order to be able to vote intelligently, he went to Cleveland and interviewed prominent clergymen and civic leaders on the record and character of Mr. Davis. What he learned is told in the following article.

BY REV. W. E. FREEMAN.

The men I interviewed, I know through the public press to have been heart and soul identified with moral reforms and economic betterment, men who knew Mayor Davis, as a man and as an official.

My first interview was with Dr. W. W. Hubbard, eleven years pastor of Euclid Avenue Baptist church. My second was with Dr. Dan F. Bradley, fifteen years pastor of Pilgrim Congregational church. My third was Dr. W. G. Evans, pastor of Trinity Baptist church, of which Mayor Davis and wife are members. My fourth

Newton Baker's administration. But before leaving his office, Mayor Davis requested the co-operation of and secured a number of high-minded, philanthropic Cleveland women to go to the brothels and tell the unfortunate fallen girls what the Mayor intended to do and ask them if they were willing to accept work in shops or positions of any kind and receive their self-respect. The great majority of them were glad for such an opportunity and the red light district was wiped out.

Dr. Hubbard said Mayor Davis always "was" welcomed and cooperated with us in every matter of reform brought to his attention. For example, he said, the West Side dance halls, over which Mayor Davis had placed a presumably capable woman to keep everything within the bounds of decency, were reported as being very bad. We reported this to the committee and the report was true. Immediately, we took the matter up with Mayor Davis. After hearing the report the mayor said: "You gentlemen select the most competent and efficient woman in the city and bring her to me and I will dismiss the present chaperone and appoint her. I want the place clean, just as you do." How splendidly all that fits in with what they said about his personal and official character.

Permit me to call attention to another matter, learned from these gentlemen, relating to Mayor Davis' ability to handle great business and financial problems. The charges were made and published in the Cleveland Press that the administration was wasting the public funds.

Immediately, the mayor called in a number of prominent business men and requested a thorough investigation. A committee was appointed, with Mr. Fred Goff, president of the Cleveland Trust Co., chairman. Every banker in Ohio knows Mr. Goff. This committee made a searching examination of books, all of which were placed at its disposal. The report signed by the committee shows three things:

1. We find that there has not been the waste of a single penny.

2. We find that the administration has undertaken no improvements or repairs that were not absolutely necessary.

3. We are surprised at what has been accomplished.

This report agrees perfectly with what Dr. Dan Bradley and others said about Mayor Davis' capability in grasping and handling great business and financial problems.

Most people in the state doubtless know about the strike at the steel mills and the attempt to bring in as strikebreakers a couple of carloads of vicious characters. Mayor Davis issued an order forbidding their coming into Cleveland, which no doubt resulted in prevention of riot, bloodshed, loss of life and destruction of property.

REV. W. E. FREEMAN.

source of information was from Rev. James O'Leary, resident of Cleveland nearly fifty years and pastor of St. Columba's Catholic church.

These men of exceptional intelligence and of high standing in the city of Cleveland, without the slightest hesitation, spoke of Mayor Davis as a man of clean life, and whose domestic relations were ideal and without blemish. I wish to emphasize this testimony in view of a statement made to me a few days ago by a prominent lady in Wooster. She said: "Mayor Davis has spent the past six years of his life in the underworld."

Whenever started such a vile libel as that is an assassin of character. I carry fine complimentary letters to pay to the intelligent electors of the city of Cleveland who have placed him three times in the office of mayor, with increasing majorities, a man spending his life in the underworld. That sort of slander will make thousands of votes for Mayor Harry L. Davis.

The people of Ohio who are not particularly blind believe in fair play and a square deal and will see that he gets it Nov. 2.

Why, I learned from the men I interviewed, that Mayor Davis wiped out of existence the underworld, the red light district, established and given police protection under Mayor

Densely-Populated Countries.  
Egypt proper is the most densely populated country of the world, with 1,057 persons to the square mile. Saxony is next with 830, Belgium third with 822, England and Wales next with 518 and Holland next with 535. For the whole Germany the number is 510, while the United States has only about 35 persons to the square mile. Canada two persons and Australia 14.

## New Cream Station

In the room on Main Street formerly occupied by the  
Ellis & Masters Millinery Store.

We are ready to receive cream and will pay the highest market price at station and will also run a truck and take your cream at your home at the same price as at the station.

### Progressing.

Daughter was at home from college for the week-end. She seems unchanged, except that she has learned to say: "Is that hot?" Before she would say: "Is that hot?"

### Room in Morocco.

With an area equal to that of Texas, two-thirds of it sterile, Morocco has less than 10 per cent of its area under even the roughest cultivation.
